Abstract: FSA's Farm Loan Programs provide loans to family farmers to purchase real estate and equipment and finance agricultural production. Direct Loan Servicing-Special, found at 7 CFR part 766, provides the requirements for servicing financially distressed and delinquent direct loan borrowers. FSA's loan servicing options include disaster set-aside, primary loan servicing (including reamortization, rescheduling, deferral, write down and conservation contracts), buyout at market value, and homestead protection. FSA also services borrowers who file bankruptcy or liquidate security when available servicing options are not sufficient to produce a feasible plan. The information collections contained in the regulation are necessary to evaluate a borrower's request for consideration of the special servicing actions.
